FRAMINGHAM, Mass.--(BUSINESS WIRE)--Aug. 16, 2023-- The TJX Companies, Inc. (NYSE: TJX), the leading off-price apparel and home fashions retailer in the U.S. and worldwide, today announced sales and operating results for the second quarter ended July 29, 2023. Net sales for the second quarter of Fiscal 2024 were \$12.8 billion, an increase of 8% versus the second quarter of Fiscal 2023. Overall comp store sales increased 6%. Net income for the second quarter of Fiscal 2024 was \$1.0 billion and diluted earnings per share were \$.85, up 23% versus \$.69 in the second quarter of Fiscal 2023.

For the first half of Fiscal 2024, net sales were \$24.5 billion, an increase of 6% versus the first half of Fiscal 2023. First half Fiscal 2024 overall comp store sales increased 4%. Net income for the first half of Fiscal 2024 was \$1.9 billion. For the first half of Fiscal 2024, diluted earnings per share were \$1.62 versus \$1.18 in the first half of Fiscal 2023, an increase of 37%, and were up 19% versus last year's first half adjusted earnings per share of \$1.36, which excluded an \$.18 charge related to a write-down of the Company's minority investment in Familia.

### **CEO and President Comments**

Ernie Herrman, Chief Executive Officer and President of The TJX Companies, Inc., stated, "I am extremely pleased with our second quarter performance. Our comparable store sales increase of 6%, pretax profit margin, and earnings per share all significantly exceeded our plans. Our overall comp sales growth was driven by customer traffic, which increased at every division. It was terrific to see Marmaxx, our largest division, drive an 8% comp sales increase. Our overall apparel and accessories sales were very strong. Overall home sales significantly improved and returned to positive comp sales growth, with HomeGoods posting a 4% comp sales increase. TJX Canada and TJX International also both delivered comp sales growth and customer traffic increases. With our above-plan results, we are raising our full-year outlook for comparable store sales, pretax profit margin, and earnings per share. I want to recognize the sharp execution of our teams across TJX who focus every day on bringing customers around the world excellent values on great fashions and great brands and an exciting, treasure-hunt shopping experience. The third quarter is off to a very strong start and we are seeing tremendous off-price buying opportunities in the marketplace. We are in an outstanding position to continue shipping fresh and compelling merchandise to our stores and online throughout the fall and holiday selling seasons. Going forward, we continue to see excellent opportunities to grow sales and customer traffic, capture market share, and drive the profitability of our Company."

### **Comparable Store Sales (FY2024 and FY2023) and Open-Only Comparable Store Sales (FY2022)**

The Company's comparable store sales by division in the second quarter of Fiscal 2024 and Fiscal 2023, and open-only comparable store sales by division in the second quarter of Fiscal 2022 were as follows:

### **Margins**

For the second quarter of Fiscal 2024, the Company's pretax profit margin was 10.4%, well above the Company's plan and 1.2 percentage points above last year's second quarter pretax profit margin of 9.2%. The Company's above-plan pretax profit margin was driven by a better-than-expected benefit from lower freight costs as well as expense leverage on the Company's above-plan sales.

Gross profit margin for the second quarter of Fiscal 2024 was 30.2%, a 2.6 percentage point increase versus the second quarter of Fiscal 2023. This increase was driven by a higher merchandise margin due to a significant benefit from lower freight costs.

Selling, general and administrative (SG&A) costs as a percent of sales for the second quarter of Fiscal 2024 were 20.1%, a 1.7 percentage point increase versus the second quarter of Fiscal 2023. This increase was primarily due to higher incentive compensation accruals, a reserve related to a German government COVID program receivable, incremental store wage and payroll costs, and a contribution to the TJX Foundation.

Net interest income benefitted second quarter Fiscal 2024 pretax profit margin by 0.4 percentage points versus the prior year.

### **Impact of Foreign Currency Exchange Rates**

Changes in foreign currency exchange rates affect the translation of sales and earnings of the Company's international businesses into U.S. dollars for financial reporting purposes. In addition, ordinary course, inventory-related hedging instruments are marked to market at the end of each quarter. Changes in currency exchange rates can have a material effect on the magnitude of these translations and adjustments when there is significant volatility in currency exchange rates. Given the global operations of the Company, to facilitate comparability, the Company has provided sales growth and inventory on a constant currency basis, which assumes a constant exchange rate between periods for translation based on the rate in effect for the prior period.

The movement in foreign currency exchange rates had a neutral impact on the Company's net sales growth in the second quarter of Fiscal 2024 versus the prior year. The overall net impact of foreign currency exchange rates had a \$.01 negative impact on second quarter Fiscal 2024 diluted earnings per share.

The movement in foreign currency exchange rates had a neutral impact on the Company's net sales growth in the first half of Fiscal 2024 versus the prior year. The overall net impact of foreign currency exchange rates had a \$.01 negative impact on the first half of Fiscal 2024 diluted earnings per share.

A table detailing the impact of foreign currency on TJX's net sales, pretax earnings, and margins, as well as those of its international businesses, can be found in the Investors section of [TJX.com](http://TJX.com).

The foreign currency exchange rate impact to earnings per share does not include the impact currency exchange rates have on various transactions, which the Company refers to as "transactional foreign exchange."

### **Inventory**

Total inventories as of July 29, 2023 were \$6.6 billion, compared to \$7.1 billion at the end of the second quarter of Fiscal 2023. Last year, the Company's total inventories in the second quarter reflected the early arrival of merchandise and a larger in-transit balance as a result of supply chain

delays. Consolidated inventories on a per-store basis as of July 29, 2023, including distribution centers, but excluding inventory in transit, the Company's e-commerce sites, and Sierra stores, were down 6% on both a reported and constant currency basis. Constant currency basis reflects inventory adjusted for the impact of foreign currency exchange rates, if any, as described above. The Company is well-positioned to take advantage of a marketplace that is loaded with outstanding quality, branded merchandise and is in a great position to flow exciting merchandise to its stores and online throughout the fall and holiday shopping seasons.

### **Cash and Shareholder Distributions**

For the second quarter of Fiscal 2024, the Company generated \$1.3 billion of operating cash flow and ended the quarter with \$4.6 billion of cash. In the second quarter of Fiscal 2024, the Company paid down \$500 million of maturing debt.

During the second quarter of Fiscal 2024, the Company returned \$932 million to shareholders. The Company repurchased a total of \$550 million of TJX stock, retiring 6.7 million shares, and paid \$382 million in shareholder dividends during the quarter. During the first half of Fiscal 2024, the Company returned a total of \$1.8 billion to shareholders, which includes repurchasing a total of \$1.05 billion of TJX stock, retiring 13.2 million shares, and paying \$723 million in shareholder dividends.

The Company continues to expect to repurchase approximately \$2.0 to \$2.5 billion of TJX stock during the fiscal year ending February 3, 2024. The Company may adjust this amount up or down depending on various factors. The Company remains committed to returning cash to its shareholders while continuing to invest in the business to support the near- and long-term growth of TJX.

### **Pension Payout Offer**

The Company has offered eligible, former TJX Associates who have not yet commenced their pension benefit an opportunity to receive a voluntary lump sum payout of their vested pension plan benefit. As a result, the Company anticipates a non-cash settlement charge, which may negatively impact Fiscal 2024 earnings per share by approximately \$.01 to \$.02. Any actual settlement charge may be higher or lower depending on participation rates and other factors. This potential non-cash settlement charge is expected to be incurred in the third quarter of Fiscal 2024 and would impact the Company's pretax profit margin and earnings per share results. The potential impact of this pension payout offer is not included in the Company's Fiscal 2024 outlook below. The Company expects to exclude the impact of this potential charge from the Company's third quarter and full year Fiscal 2024 adjusted pretax profit margin and adjusted earnings per share results.

### **Third Quarter, Fourth Quarter, and Full Year Fiscal 2024 Outlook**

For the third quarter of Fiscal 2024, the Company is planning overall comparable store sales to be up 3% to 4%, pretax profit margin to be in the range of 11.3% to 11.5%, and diluted earnings per share to be in the range of \$.95 to \$.98.

For the fiscal year ending February 3, 2024, the Company is now planning overall comparable store sales to be up 3% to 4%. For the 53-week fiscal year ending February 3, 2024, the Company is increasing its expectations for pretax profit margin to a range of 10.7% to 10.8% and diluted earnings per share to be in the range of \$3.66 to \$3.72. The Company's full-year guidance includes an expected pretax profit margin benefit of approximately 0.1 percentage point and a diluted earnings per share benefit of approximately \$.10 due to the 53<sup>rd</sup> week in the Company's Fiscal 2024 calendar. Excluding these expected benefits, the Company now expects full-year Fiscal 2024 adjusted pretax profit margin to be in the range of 10.6% to 10.7% and adjusted diluted earnings per share to be in the range of \$3.56 to \$3.62.

Based on the Company's third quarter and full-year Fiscal 2024 outlook, the Company is planning fourth quarter Fiscal 2024 overall comparable store sales to be up 3% to 4%, pretax profit margin to be in the range of 10.7% to 10.9% and earnings per share to be in the range of \$1.10 to \$1.13. The Company's fourth quarter Fiscal 2024 outlook includes an expected pretax profit margin benefit of approximately 0.4 percentage points and a diluted earnings per share benefit of approximately \$.10 due to the extra week in the Company's fourth quarter Fiscal 2024 calendar. Excluding these expected benefits, the Company is planning fourth quarter Fiscal 2024 adjusted pretax profit margin to be in the range of 10.3% to 10.5% and adjusted diluted earnings per share to be in the range of \$1.00 to \$1.03.

### **Stores by Concept**

During the second quarter ended July 29, 2023, the Company increased its store count by 19 stores to a total of 4,884 stores and increased square footage by 0.3% versus the prior quarter.

### **Comparable Store Sales**

For Fiscal 2023 and 2024, the Company returned to its historical definition of comparable store sales. However, while stores in the U.S. were open for all of Fiscal 2022, a significant number of stores in TJX Canada and TJX International (Europe and Australia) experienced COVID-related temporary store closures and government-mandated shopping restrictions during Fiscal 2022. Therefore, in Fiscal 2023, the Company could not measure year-over-year comparable store sales with Fiscal 2022 in these geographies in a meaningful way. As a result, the comparable stores included in the Fiscal 2023 measure consisted of U.S. stores only, which, for clarity, the Company referred to as U.S. comparable store sales and were calculated against sales for the comparable periods in Fiscal 2022. For Fiscal 2022, due to the temporary closing of stores as a result of the COVID-19 global pandemic, the Company reported open-only comparable store sales. This measure reported the sales increase or decrease of stores initially classified as comp stores at the beginning of Fiscal 2021 for the days they were open in Fiscal 2022 against sales of those stores for the same days in Fiscal 2020. Comparable store sales for a category such as home or apparel include sales from merchandise within such category combined across all divisions at the stores that fall within the Company's definition of comparable stores for such period.

### **About The TJX Companies, Inc.**

The TJX Companies, Inc. is the leading off-price retailer of apparel and home fashions in the U.S. and worldwide. As of July 29, 2023, the end of the Company's second quarter, the Company operated a total of 4,884 stores in nine countries, the United States, Canada, the United Kingdom, Ireland, Germany, Poland, Austria, the Netherlands, and Australia, and seven e-commerce sites. These include 1,305 T.J. ### **Second Quarter Fiscal 2024 Earnings Conference Call**

At 11:00 a.m. ET today, Ernie Herrman, Chief Executive Officer and President of TJX, will hold a conference call to discuss the Company's second quarter Fiscal 2024 results, operations, and business trends. A real-time webcast of the call will be available to the public at [TJX.com](http://TJX.com). A replay of the call will also be available by dialing (866) 367-5577 (toll free) or (203) 369-0233 through Tuesday, August 22, 2023, or at [TJX.com](http://TJX.com).

### **Non-GAAP Financial Information**

The Company has used non-GAAP financial measures in this press release. Non-GAAP financial measures refer to financial information adjusted to exclude or include, as applicable, from financial measures prepared in accordance with accounting principles generally accepted in the United States (GAAP), items identified in this press release. Non-GAAP financial measures used in this press release include sales growth on a constant currency basis, inventory on a constant currency basis, adjusted pretax profit margin, and adjusted diluted earnings per share. The Company believes that the presentation of adjusted financial measures is useful to investors as it provides additional information on comparisons between periods by excluding certain items that affect overall comparability. The Company uses these non-GAAP financial measures for business planning purposes, to consider underlying trends of its business, and in measuring its performance relative to others in the market, and believes presenting these measures also provides information to investors and others for their understanding and evaluating trends in the Company's operating results or measuring performance in the same manner as the Company's management. Non-GAAP financial measures should be considered in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP. The use of these non-GAAP financial measures may differ from similar measures reported by other companies and may not be comparable to other similarly titled measures.

### **Important Information at Website**

Archived versions of the Company's conference calls are available in the Investors section of [TJX.com](http://TJX.com) after they are no longer available by telephone, as are reconciliations of non-GAAP financial measures to GAAP financial measures and other financial information. The Company routinely posts information that may be important to investors in the Investors section at [TJX.com](http://TJX.com). The Company encourages investors to consult that section of its website regularly.

### **Forward-looking Statement**

Various statements made in this release are forward-looking, and are inherently subject to a number of risks and uncertainties. All statements that address activities, events or developments that we intend, expect or believe may occur in the future are forward-looking statements, including, among others, statements regarding the Company's anticipated operating and financial performance, business plans and prospects, dividends and share repurchases, the Company's plans related to and expected impact of a pension payout offer, and third quarter, fourth quarter, and Fiscal 2024 outlook. The TJX Companies, Inc. and Consolidated Subsidiaries  
Notes to Consolidated Condensed Statements

1. During the second quarter ended July 29, 2023, the Company returned \$932 million to shareholders, repurchasing and retiring 6.7 million shares of its common stock at a cost of \$550 million on a "trade date" basis and paying \$382 million in shareholder dividends. During the six months ended July 29, 2023, the Company returned \$1.8 billion to shareholders, repurchasing and retiring 13.2 million shares of its common stock at a cost of \$1.05 billion on a "trade date" basis and paying \$0.7 billion in shareholder dividends. In February 2023, the Company announced that the Board of Directors had approved a new stock repurchase program that authorized the repurchase of up to an additional \$2.0 billion of TJX common stock from time to time. Under this program and a previously announced program, TJX had approximately \$2.5 billion available for repurchase as of July 29, 2023. TJX records the repurchase of its stock on a cash basis, and the amounts reflected in the financial statements may vary from the above amounts due to the timing of settlement of repurchases.
2. During Fiscal 2023, the Company announced and completed the divestiture of its minority investment in Familia. As a result, the Company recorded an impairment charge of \$218 million in the first quarter of Fiscal 2023 representing the entire carrying value of the investment. This charge had a \$0.19 negative impact on diluted earnings per share for the first quarter of Fiscal 2023. Subsequently, the Company realized a \$54 million tax benefit when the Company completed the divestiture of this investment during the third quarter of Fiscal 2023. Together, these resulted in a net \$0.14 negative impact on diluted earnings per share for the fiscal year ended January 28, 2023.
